Installation Awards Entry Form

GUIDELINES

This is a tile and stone **contractor installation award**. The tile or stone contractor is the party to receive the award and prize money. Entries submitted by any party other than the tile or stone contractor should be accompanied by a letter from the installer approving the submission. In addition, please note that the criteria for judging these awards are strongly weighted towards installation challenges and obstacles encountered by the contractor and innovative solutions to these challenges and obstacles. Artistry, prestigious location and design are secondary to installation criteria in judging these awards. Please select your entries and craft your narratives accordingly.

Contractor winners MUST be present at Coverings 2010 in Orlando in or der to receive award and be recognized. Winners who are unable to be present at the awards ceremony will forfeit their award and another winner will be selected.

Please note: the entry application has changed for 2010. Please read and follow these new guidelines for the 2010 competition, which include multiple copy of printed documents.

To enter a project, contractors must:

1. Complete the:

a. Entry form for either commercial or residential installations, with company business card stapled to left upper corner. This is the only place your company name should appear.

b. Project Narrative - two (2) copies required.

c. Materials Form - two (2) copies required.

2. Include:

a. A minimum of **3** and a maximum of **10** different 8½x11-inch photographs of each project (extra copies beyond 10-photo maximum will be removed from the entry packet

prior to judging at our discretion). Please do not send color copies on regular paper from your printer – these do not represent your project in its best light.

b. A CD with all digital images in JPEG (preferred) TIFF or BMP format (NO .gif or .png) **DO NOT SEND** discs from Costco, Walgreens, Kinkos, etc. that require special viewers or the installation of software to view.

3. Please send all materials in a tabbed manila file folder inside your envelope or courier package – do not package your entry in plastic sleeves, three-ring binders or folders. Do not add extra dividers or binding materials within the manila file folder.

4. Please:

a. Refer to the name of your company on the designated line of the entry form only. Do not refer to your company name in the Project Narrative. This is a necessary step to ensure projects are judged anonymously.

b. Do not send extraneous materials such as background information, magazine clippings, etc.

c. Do not send your only copy. Materials will not be returned. Multiple entries are permitted. However, each entry must be sent in a separate envelope with a separate completed entry form.

Completed submissions must be received no later than Monday, February 1, 2010, firm.

National contracting professionals will select up to three (3) winning projects in each category based on a number of criteria which emphasize **installation excellence**. Criteria may include overall appearance, technical soundness, level of difficulty, craftsmanship, artistry, and/or other criteria to be determined by time of judging. Each award recipient will receive cash prizes and awards and be featured in an upcoming issue of *TileLetter*.
